

To whom it may concern

I am writing to confirm that RP Translate Limited, have been using Velior's services since March 2006.

During this time, we have used Velior for translation and/or proof-reading of various Market Research questionnaires and General Business Documentation.

Velior have always delivered translations on time and to a high standard. Where there have been any queries or additional translation needed, Velior have been responsive in providing quick responses to such requests.

We enjoy working with the same account manager at Velior, which helps to provide a good understanding of our requirements and needs. She provides a quick response and clear explanations of language queries.

In my opinion Velior provides a good service within their areas of expertise and will not take on a project if it falls outside of these.

If you require any further information, please contact the undersigned.
