

To Whom It May Concern

I am writing to confirm that our company, ZELENKA Czech Republic s.r.o., has been cooperating with Velior on a regular basis since March, 2008. Our cooperation includes translation of documentation from German and English into Russian.

The translations delivered by Velior proved to be of high quality. Our clients did not have any claims to their quality.

In addition to good translation services, Velior demonstrated flexible attitude. When we had technical problems with file conversion, they were ready to help free of charge. Apart from translation itself, Velior successfully completed alignment and formatting tasks, delivering well-typeset translations.

Their Project Manager provides fast response to our requests and delivers the translations on time. As we are content with cooperation with Velior, we will use their services in any upcoming projects within their area of expertise. In case of any queries, please contact the undersigned.
